

Theme of our Conference: “The Evolving Landscape of Epigenetic Research”

About the Event:

We are so glad to organize “International Conference on Epigenetics and Epitranscriptomics” in Helsinki, Finland on November 26-27, 2018 at Finland after a similar series of conferences in consecutive years at Germany over the last several years which met with great achievement in Business Conferencing.

Epitranscriptomics 2018 is a 2-day event offering the Exhibition, at the venue to showcase the new and emerging technologies and have wider sessions involving Keynote presentation, Oral, YRF (student presentation), poster, e-poster presentations. World-renowned speakers and eminent delegates across the globe attending the conference, to share their valuable presentation on the most recent and advanced techniques, developments, and the cure ness updates are the prominent features of the conference.

Benefits of Epitranscriptomics 2018!!

- Earn up to 12 CPD Credits** by Participating at our conference
- Grow Your Professional Network with experts in the field
- IOCM Certification
- Published your abstracts in the respective supporting International Journals
- Each abstract will receive a (DOI) Number provided by Cross Ref
